WHAT ARE LOW VOLUME  
CAR BRANDS?

# Newsletter

01

At Drivingyourdream we strive to promote small volume car manufacturers. We want to show them to you through the newsletter

02

We have a compilation of +3.300 current car manufacturers, the largest compilation in the world, we started it in 2014

WHAT ARE LOW VOLUME  
CAR BRANDS?

LET'S SEE SOME EXAMPLES

# Off Roads – Low Volume Cars

Drivingyourdream newsletter

## APC (Armoured personnel carrier)

Civil versions only – Street legal cars

# Humvees, mini humvees & Low Tire pressure SUVs

Hummer is not the only existing Humvee, there are more than 40 different current Humvee manufacturers.

Mini-humvees are cheap and fun vehicles for the city and dirt roads. Some of these brands are supported by General Motors

Low Pressure Tire SUVs are mostly brought from Russia. They don't usually have distribution in foreign countries and most are street legal. Arktiktrans is the most famous company and they has manufactured more than 1.500 vehicles.

They usually cost between € 45,000 and € 120,000. They are usually amphibians

# Off Road

Dune buggies emerged in the 70s and more than 250,000 units of different manufacturers were sold. Currently not all buggies are based on VW mechanics

# Buggies

Passeio Buggy

Dune Buggy

Cross Buggy

There are also the "Passeio Buggy", mainly from Brazil and France. They are more tailored to the city use.

# AWESOME & UNIQUE CARS

# Exoskeleton

There are different kind of alternative sports cars:

Exoskeletons, Xbow cars and Open-wheeled cars.

There're more than 100 car manufacturers dedicated to this kind of vehicle, with costs ranging from € 20,000 to € 500,000

# Xbow Cars

# Open-Wheeled

## Kit Car - Sport Cars

Vehicles with a really low cost, good quality and a very high demand. Nowadays, a lot of companies use their own chassis and not a donor vehicle. The problem is to find someone to assemble it. There're a suitable business opportunity for those who have their own workshop and mechanic staff

# Racing Cars

For track days and for racing

# Track Day & Racing Cars

# F.A.Q

**01**

## **Does this require any commitment?**

No, it's simply a newsletter. It doesn't require any kind of commitment from the dealership. You can use the information to discover new cars as a hobby, or to find new opportunities to your business. It's your choice

**02**

## **Do you represent the car brands?**

No, we aren't sellers, agents or brand representatives. Therefore, you are free to communicate with those car brands on your own.

**03**

## **Does it have any cost?**

Of course not. In the same way, we never require any kind of commission

**04**

## **Do I have to ask your permission if I want to add a car to my dealership or to my product portfolio.**

No. We don't intervene in the possible businesses that may arise. Many of these brands are looking forward to expanding their sales network with very good conditions. Feel free to ask them!

**05**

## **What do I have to do to know new Low Volume Car Brands?**

Go to [www.drivingyourdream.com](http://www.drivingyourdream.com) and sign up for the newsletter. It isn't used for commercial purposes. There will only be info about new brands added, sale of car molds and car design challenges

A high-performance open-wheel race car, likely a Formula 1 or similar, is shown in a dark, industrial setting. The car is black with gold-colored suspension components and is positioned on a dark floor. The background features blue structural elements of a building. A semi-transparent blue banner is overlaid across the center of the image, containing the text "THANK YOU" in white, bold, uppercase letters.

THANK YOU
